

MARCO CASSIS

**President, Analog, Power & Discrete, MEMS and Sensors Group
Head of STMicroelectronics' Strategy, System Research and
Applications, Innovation Office**

Marco Cassis is STMicroelectronics' President, Analog, Power & Discrete, MEMS and Sensors Group and has held this position since February 2024. He also heads the corporate functions of Strategy Development, System Research and Applications, and Innovation Office, and is a member of ST's Executive Committee.

Cassis joined SGS-Thomson Microelectronics (now STMicroelectronics) as a car-radio chip designer in 1987. He later moved to Japan to help expand ST's audio business with major local players, including ST's strategic alliance with Pioneer. In the early 2000s, Cassis managed the Audio Business Unit and was subsequently promoted to Director of Audio and Automotive Group. In 2004, Cassis was named Vice President of Marketing for automotive, computer peripheral, and telecom products. In 2005, he advanced to Vice President of the Automotive Segment Group and was promoted to lead ST's operations in Japan. His mandate was expanded to include Korea in 2010 and Greater China and South Asia in 2016, when he was appointed President of ST's Asia Pacific Region. In 2017, Cassis was promoted President, Global Sales and Marketing, and added Communications and Strategy Development in 2018.

Marco Cassis was born in Treviso, Italy, in 1963, and graduated with a master's degree in Electronic Engineering from the Polytechnic of Milan, Italy.
